Because, even though it's my birthday, it shouldn't be *all* about me, here's a little something for you – it's just a little something I'd like to call THE FUTURE OF INTERNET ENTERTAINMENT. Move over, Shiba Inu puppy-cam! The Human Society of Clinton, Iowa has a webpage where, after waiting in queue, you get to control a [webcam](#) and three different motorized [cat toys](#) in their kitty room for 2-minutes. The screencap here is at the end of what was probably my best sesh, where I had like five [kitties](#) going apeshit over toy #1. THEY WERE ATTACKING THAT THING FROM ALL ANGELS! "You mean angles?" No, they're all precious lil' angels!

Thanks to LupusYonderboy, who knows quality entertainment when he sees it and this, well, *this is even beyond that.*
